

**EXCEPTIONAL ELECTRIC CAR FOR CHILDREN AND
PASSIONATE COLLECTORS**

www.collectcar84.fr

ONE FAMILY, ONE PASSION

Sebastien, passionate about mechanics, builds his son Leo's very first electric car for children, after using a go-kart chassis.

A dream for Leo, an obvious choice for Sebastien

HOW IT STARTED ?

In 2022, an opportunity arises with the possibility of resuming production of a BMW 328.

The desire to revive an activity that has been dormant for several years becomes a certainty with the creation of Collect'Car.

After extensive research and development, including retrofitting, the car takes on a new dimension: a 100% electric motor on a 6/10 scale reproduction, providing maximum of details to remain faithful to the original.

A family adventure centered around exceptional cars for children, fueling the passion of "the team" of enthusiasts.

OUR TEAM

Welcome to the world of Collect Car, a passionate, available that's always there for you. We take pride in introducing our dedicated team that strives to provide the best possible service to our clients.

Each member of our team is deeply passionate about their work and the automotive world.

Sébastien Escouffier

Director - Designer

Ingenious mind and a true geo-finder. Since childhood, he has been passionate about motorsports, a passion nurtured by closely observing his uncle, a fervent rally enthusiast.

Mary Escouffier

Sales - Communication

She plays a crucial role in the communication and commercial aspects of the company, working in collaboration with her husband, Sébastien.

Together, they form a dynamic team that combines their complementary skills to provide quality service to their clients.

Jean Marie Alamelle

Honorary President

With his dedication and unwavering commitment, Jean-Marie is ready to take on any challenges that come his way.

His experience, expertise, and passion make him a valuable asset to Collect Car.
